
Faculty life

Life at the Faculty of Medicine in Hradec Králové is not only about studying, the faculty and student associations organize many social, cultural and sporting events that enrich the faculty and the city of Hradec Králové. The faculty is also regularly involved in scientific and awareness-raising events (Researchers' Night, Week of the Brain, Weeks for Mental Health, etc.) and commemorates important international days related to medicine. It manages, among other things, the Na Hradě Gallery, an art exhibition centre with a wider social impact.
