
Representative Ball

2025

On Thursday, March 13, 2025, we had an unforgettable evening full of fun, great vibes, and special moments at Kongresové Centrum Aldis! This year's event was extra special – we introduced our faculty beer brewed for the 80th anniversary of our faculty. JH Big Band Hradec Králové played in the main hall, while DJ LAAW got everyone dancing in the Small Hall. There were also dance performances from the Department of Physical Education and a fun raffle.

Check out how the evening went and see [all the photos from the ball](#) !

2024

On Thursday, March 7, 2024, the traditional Faculty of Medicine Representative Ball was held at the Aldis Congress Centre.

The programme of the evening was varied and visitors could enjoy classical and Latin American dances, a raffle, as well as a midnight surprise in the form of an original dance performance by students of the Faculty of Medicine.

Throughout the evening, the JH Big Band Hradec Králové played in the Great Hall for dancing and listening. After the ball ended at 1:00 p.m., visitors were also treated to an afterparty in the Small Hall of the Aldis Congress Centre, where DJ LAAW entertained with his electronic music.

The moderator Václav Havlík guided the entire ball.

We would like to thank all the participants and we look forward to our next meetings together!
