2025

On April 15, the eighth Run for Life charity run took place in Šimkovy Sady, showing once again how people can come together for a good cause. This year, 235 participants joined and raised 34,500 CZK for four-year-old Filípek, who has cerebral palsy. The money will be used to buy a special CROCODILE walker, giving him more independence while moving outdoors.

The exciting race for the traveling cup between CU MED HK and FaF UK was won by our faculty, which had more participants. Runners could choose between a 2.5 km or 5 km run, or simply enjoy a walk in the park.

Thank you for helping make this meaningful event possible. Your support really makes a difference. We look forward to seeing you again next year!

2024

Another year of the legendary Run for Life charity run is over. This year it was held on Monday, April 15th and a record **215 runners** participated! Thanks to their generosity, a total of **CZK 24 215,-** was raised to help little Vojtíšek. Our faculty defended the Dean's Cup this year as well, because it had more participants in the race than FaF UK.

Thank you to all competitors, congratulations to the winners and a big thank you to the sponsors who donated prizes for the winners of the run: LF HK, Kofola , Infinite medstyle , Godlike , Dr. Max , Klenot , Run 4 fun and GoMango .

And where will the proceeds from this year's event go?

The money will be given to Vojtíšek, a 14-month-old cowboy who is struggling with a diagnosis of Septo-optic Dysplasia with Optic Atrophy and associated hormonal disorder. Although he can't see much and his eyesight is impaired, he is a very smart little boy who, despite his disability, is not afraid of new challenges and bravely fights everything. His parents will use the proceeds from the fundraising run to purchase contrast aids to develop motor skills and stimulate vision, as well as occupational therapy, which is not covered by health insurance.

If you missed this year's benefit run, we'd love to see you at the next one. We are already looking forward to it!

2023

On 17 April, the sixth annual charity Run for Life took place in Šimkovy sady. The race was organized by the Association of Medical Students and the Association of Czech Pharmacy Students' Association, **116 runners** from the Faculty of Medicine in Hradec Králové and the Faculty of Pharmacy in Hradec Králové took part. This year's run was organized in support of little Štěpánek with Sotos syndrome. In order to help **CZK 19 120,-**. The money will be used for rehabilitation and aids necessary for the development of the boy's fine motor skills and speech.

The race was started by the Dean of the Faculty of Pharmacy of Charles University, Assoc. Prof. Jaroslav Roh. In addition to individual placements on both tracks, there was also a competition for the traveling cup, which thanks to the greater participation of students from the Faculty of Medicine goes again to the medics. The best results on the 5 km track were achieved by Šimon Koblížek (FaF UK) and Lenka Tábořská (FaF UK). Andrej Tibenský (FaF UK) and Alexandra Goldmannová (FaF UK).

Thank you to the runners for their participation and to all who contributed financially.

2022

On Wednesday, April 20, 2022, the 5th annual Run for Life Foundation Run took place. The 2.5 or 5 km run through Šimek Gardens involved **92 runners** from among the students and staff of the Faculty of Medicine and the Faculty of Pharmacy in HK and the general public. Both runs were kicked off by the Dean of the Faculty of Medicine in Hradec Králové, Prof. Jiří Mandák. A total of **CZK 20 593,-** was collected in entry fees, which will go to the sick boy Daniel, who suffers from poor cerebellar development and hypotonic syndrome. In the race between the Faculty of Medicine and the Faculty of Pharmacy of CU for the traveling cup, our faculty won, which had more competitors on the track. The travelling cup therefore remains with our faculty.
