Academic Senate of the Charles University

Academic Senate is the university's top self-governing representative academic body. Under existing legislation, it must have at least 11 members, of whom at least one-third – but not more than one-half – must be students. Members of the Academic Senate are elected in a direct secret ballot by their peers in the academic community.

The Academic Senate nominates a candidate for Rector to the President of the Republic, approves draft internal regulations, draft budgets, long-term plans, annual reports and other proposals submitted by the Rector. The Senate expresses its position on the rector's nomination of members of the University Research Board and of members of the Rector's Board (Vice-Rectors).
