

Schedules in the SIS

Display of the Schedule

Open the SIS on the link: <https://is.cuni.cz/studium/index.php> and open the modul **Schedule NG**.

At first of all please double check the displayed **academic year**. Or choose the demanded year in Menu - „**Settings**“:

Screenshot of the SIS interface showing the 'Settings' menu and a table of academic years. The 'Settings' button is circled in red. The table lists academic years and semesters, with the '20152 Summer semester 2015/2016' row highlighted.

Code	Semester
20122	Archive: Summer semester 2012/2013

20152	Summer semester 2015/2016

SCHEDULE MARKING:

XXXXY: XXXX = academic year, Y = semester: 1 = winter semester, 2 = summer semester

Examples:

- 20132 = summer semester of the academic year 2013/2014
- 20141 = winter semester of the academic year 2014/2015

SCHEDULE TYPE:

It is necessary to choose **Detailed** type because of the irregular teaching at the Faculty of Medicine in Hradec Kralove:

Standard Block Whole year block **Detailed**

There are 2 important views from the student's view in Menu - **Students** and **My schedule**

How to choose the schedule for my year, group or subgroup – Go to Menu - **Students**

The Menu - **Students** is the basic view for the displaying of the schedule according to chosen criteria

- Choose Study programme or Branch/combination
- Year
- Study Group
- Language = subgroup; the small subgroups of students are made for some subjects

NOTIFICATION:

Group = the study group, the same group during the whole academic year, for all subjects

Language („subgroup“) = sometimes the group needs to be split in small subgroups for particular subject
