# Student Hostel and Canteen

---

The Faculty of Medicine offers mediation of accommodation in the student hostel. Students stay in rooms for 2 to 4 people while facilities such as a kitchen, bathroom, TV room etc. are shared for the whole floor. Single rooms are not available. It is not difficult to find comfortable, private accommodation (even before your first arrival to Hradec Kralove) via agencies which provide various forms of assistance to our international students (e.g. "ForStudents" – for recommendations you can ask ISU).

In the building of the Student Hostel Na Kotli, there is also a canteen. Another canteen and buffet are available in the faculty building on Šimkova Street.
